

NAS Insurance Services FACT SHEET

NAS Insurance was founded in 1975 in Encino, California as a specialty insurance managing general underwriter. NAS today operates across the US, with headquarters in California and offices in Chicago, Boston and Atlanta.

As a full-service provider, NAS provides product development, underwriting, compliance, claims services, marketing and training support to our partners throughout the industry.

For over 40 years, NAS has been developing and distributing innovative specialty insurance solutions, including:

- ▲ Cyber Liability
- ▲ Professional and General Liability
- ▲ Specialty Reinsurance

We have strong partnerships with Lloyd's of London which allow us to develop and deliver industry-leading products like NetGuard® Plus Cyber Liability, and a range of customized E&O and PL/GL programs.

NAS Products and Programs
